### Our Food

Taylor Shaw's menus are designed to provide child friendly menus that are compliant with the school food standards. We use high quality, healthy and nutritious ingredients prepared fresh on site, on the day of consumption by suitably trained and child focused employees.

At the heart of our service lies a menu that contains the correct balance across the week of food and nutrients for children to learn, love food, play and grow.

Our lunches include a choice of...

- Meat & vegetarian main courses and accompanying carbohydrates
- 2 vegetable options
- Up to 6 salad choices
- Wholemeal or white fresh, crusty baked bread
- A selection of hot and cold desserts
- Chilled Milk or water

### Special Diets and Allergies

If your child has a specific dietary need for a medical reason, we will work with you to adapt the menu to meet the needs of your child. We have a Medical Diet Procedure to follow to ensure your child can safely eat with us. If you would like your child to have a school lunch, a medical dietary request form is available from your school's reception.

### Paying for your child's meals

In your child's school we use a system called ParentPay which allows you to pay for your child's meal online. This gives you more control and greater visibility over the food choices they are making.

ParentPay is a truly cashless catering system, making schools safer and giving you peace of mind. There's no need for children to take cash into school - you can top up your balance using one of the payment methods accepted. Your balance will be updated daily based on the meals your child selects. More information is available at <https://www.parentpay.com/>

### Debt Policy

If debts are incurred, then the school budget has to pay for them. This means that money which should be spent on the children's education is used to pay for any unpaid meals. We are sure that everybody will agree that this is unacceptable. Please ensure that your child's account is regularly topped up!

### Feedback/Contact
